From capturing the flag to board games, here are six maps that we discovered this June. 1) Capture flag [8466-0790-3165]: Epic Games added tools to capture flag scenarios in Update 9.20. This code takes you to one of the first publicly available maps with available mode. Two teams start in a starting field and race to capture the flag at a central location. The first team to take the flag back to their base scores a point. In this case, the design of the game area is quite preliminary, but the smart position of the flag forces players to get vertical. At the very least, this map serves as a solid sneak peek at what's possible with the latest creative features. Capture Flag Update came in 'Fortnite' Creative at 9.20. Epic Games/Wow Kordell @ YouTube 2) Dead by Fortlight [8099-5981-3796]: True to your name, this map by Thyrox the basic idea of Brehaviour Interactive dies by daylight. Three players turn on five generators scattered across the map, while a player tries to kill them. Killer wins twice by eliminating each player on the generator team. Just like the original game, this map does a great job of channeling the '80s summer camp slasher vibe. It also has a gameplay concept that you won't see on many other islands. Dead by Fortlight is one of the best 'Fortnite' creative maps we discovered this June. See some other top map codes below. Fortnite is now available on PS4, Xbox One, Switch, PC and mobile. Epic Games/Paul79UF @ YouTube 3) Monopoly Game [9675-0630-2061]: Board Game is a fairly recent trend in Fortnite Creative, and this unique Taking on is one of the best examples out there. Players descend on a huge replica of the classic board and roll the dice using a number-based emot. Instead of properties, it's guns that are For sale. Many of the rules as you play, but the main goal is to finish everything with a five-elimination battle once all the weapons have been purchased. It's a clever Fortnite twist on a rainy day classic. This creative code has a monopoly with 'Fortnite' twist. Epic Games/YouTube 4 @ SSundee) Storm Wars [9657-9357-7029]: Now that players can bring storms into their Fortnite creative maps, east zone wars have been transformed into pastime storm wars. On this map by SaldrianF1, 16 players land in individual eggs with a minute to collect the supplies they need. The round only last a piece about five minutes, so the action is fast and frantic for those eliminated quickly without much wait time. The building is strongly encouraged on this map, because its open desert beauty leaves plenty of room for brutal snipes. Storm war courses like this provide fast-paced action and brutal battles. Epic Games/SaldrianF1 @ YouTube 5) Sniper vs Thief [8288-8824-7707]: Sniper vs Thief offers a slightly different take on traditional sniper vs runners gameplay from intervals. This time, snipers try to protect a server while thieves try to destroy it. The game only starts with a sniper, but more bodyguards get added as thieves are killed. Only the leader of the thieves can destroy the server, while only the leader of the sniper can kill the leader of the thieves. It's a detailed map with equally complex gameplay. Sniper Vs Thief sniper vs runners offers a nice twist on gameplay. Epic Games/Interval @ YouTube 6) Three Worlds Colliding V2 [5950-2111-9607]: There are a lot of fresh gameplay concepts on this list, but this particular creation by Lotuscraacker takes a classic concept and spreads on it in huge ways. Simply put, it's one of the best escape rooms and parker courses we've played together. We don't want to spoil too much, because the secrets of this mysterious island are designed to stump up. If you like puzzles, this is a code you can't ignore. Three Worlds Collide 'Fortnite' is one of the best Parker and Escape Room courses in Creative. Epic Games/JustGame @ YouTube Fortnite is now available on PS4, Xbox One, Switch, PC and mobile. Which of these Fortnite Creative Codes is the best you've played? Are there any other good people we remember? Tell us in the comments section! Enjoy and capture the extreme flag. Your creation?
